

Seaside School District 10

Code: **EI**
Adopted: 7/26/07

Risk and Insurance Management

The District will provide liability and comprehensive coverage for all District-owned or leased vehicles.

The Board will insure against any loss or liability of the District or of any agent, employee, teacher, officer or member of the supervisory staff thereof resulting from the wrongful or negligent act of such agent, employee, teacher, officer or member of the supervisory staff, whether such wrongful or negligent act occurred within or without the District building, provided such agent, employee, teacher, officer or member of the supervisory staff was, at the time of such wrongful or negligent act, acting in the discharge of his duties within the scope of his employment and/or under the direction of the Board.

The Board will make available through the school and on a voluntary basis a student insurance policy to protect the student from accidents incurred at school or enroute to and from school. Middle school and high school students participating in competitive athletics are required to carry student insurance unless the student has secured a written permission statement from his parents or guardians giving the name of the private insurance company and the type of policy.

The District will not carry student accident insurance other than liability insurance, which may provide coverage in cases of negligence on the part of the District.

During its organizational meeting, the Board will appoint at least one insurance company to serve as agent of record for the District.
