

Seaside School District 10

Code: **IGDG**
Adopted: 7/26/07

Student Activity Funds

Student Activity Funds are defined as those funds which are raised by various club and student organizations outside the general fund budget.

Management of these funds is the responsibility of building principals. A report on the status of such funds at Seaside High School is made to the Board upon request.

The activity advisor and/or student treasurer of the organization will participate as a representative of that organization in partial administration of student activity funds.

All funds are subject to audit each year with the 9-12 audits being performed by outside auditors and the K-8 audits being done by the District clerk's office.

Any unencumbered class or activity funds will automatically revert to the general activity fund of the school when a class graduates or an activity is discontinued.
