

**Addendum #2**

**12/13/19**

1. The district would request that the respondents provide PoE Equipment pricing and equipment type for the VoIP Project. Please list this in the Response Form #5 in the Optional Applications section on page #82 of the RFP document.
2. The District will not make a network decision until after the Respondents bids have been received and evaluated. The District is currently looking at SIP services from a couple of service providers.
